The superimposals in this background and aligned on the right are the buttons for features: trailer of movies, diagram, photos, website, a conversation with composer Don Davis and Jurassic Park: Trailer of video game survival. The eye of the raptor in the foreground flashes. Present to the right of the screen there are circular buttons marked "Full screen" and "PLAY". Located just below the screen, it is a great red button dialing "emergency stop". The film trailer is automatically played on the central screen. The insertion functions are found in the movie scenes, the largest image that comes from the Tyrannosaur-vs-Spinosaur battle scene. Website Click on the Website button, the Jurassic website opens in the default internet browser of the computer. Dino-Chart This page is a height comparison table. When you click on the buttons, move the reader through the pages of the conversation. The conversation is the transcription of questions and answers of a discussion with Don Davis.
